

Micro-45 45th Annual IEEE/ACM International Symposium on Microarchitecture Vancouver, BC, Canada

**Early bird
registration
deadline**

October 31, 2012

**Student travel
grant application
deadline**

November 5, 2012

**Discounted hotel
rate deadline**

November 10, 2012

The Micro-45 organizing committee would like to invite you to attend Micro-45, which will be held at the Fairmont Hotel Vancouver in **Vancouver, BC, Canada, December 1-5, 2012**. Micro is the premier forum for presentation and discussion of new ideas in microarchitecture, compilers, hardware/software interfaces, and design of advanced computing and communication systems. The goal of Micro is to bring together researchers in the fields of microarchitecture, compilers, and systems for technical exchange. The Micro community has enjoyed having close interaction between academic researchers and industrial designers – we aim to continue and strengthen this longstanding tradition at the 45th MICRO in Vancouver.

This year's conference will feature 40 technical paper presentations, two keynote talks, by Charles Webb (IBM) and

Turner Whitted (Microsoft Research), three technical tutorials, five workshops, a working group, and a lightning session and a poster session featuring the accepted papers. The advance technical program can be accessed at the Micro website:

<http://www.microsymposia.org/micro45/>

Early registration ends October 31, 2012. The student travel grant application deadline is November 5, 2012. The deadline to ensure the discounted hotel rate at the Fairmont Hotel Vancouver is November 10, 2012. You can register, make your hotel reservation, apply for a travel grant, and find information about visas at the Micro-45 website:

<http://www.microsymposia.org/micro45/>

IMPORTANT NOTE: Those who need a visa to enter Canada should apply early in order to ensure timely processing.

We look forward to your participation and seeing you in Vancouver!
